## Literacy

**Friday Family Read together.**

Write about your Flat Student activity.  
(30-45 minutes of writing)

## Math

**Go on a shape walk around your home.** What 2D shapes can you find? Can you find different kinds of triangles and rectangles? Shapes with more than four sides? Shapes with curved sides? Record your shapes – draw them in groups (shapes with straight edges) or in a list with words to describe them or take photos of them.

## Math

**Here are two 2D shapes.** How are they the same? How are they different? Draw the shapes and record your thinking using arrows, words, numbers or pictures.

## Math

**Find five 3D objects** at home, like boxes or cans. What math words can you use to describe them? Draw what 2D shapes you see in each 3D object. What do you notice about the 2D shapes you find in 3D objects?

## Math

Here is an example of a 3D "net". It shows the edges and vertices. What can you find at home to create your own 3D net? (straws, sticks, chopsticks, toothpicks, rolled up paper)

**Make a 3D net of an object** use the PDF and fill in the answers.

## Math

**\*\*11:30 teams meeting**

**Shape Scavenger Hunt on Teams!! Be prepared to go find objects and share them!**
